Dear Board of the Academy,

Please accept my surprised and delighted thank you for the kind and generous award of the Academy for Lifelong Learning Lifetime Membership. I am humbled and honoured.

We all know that it takes many enthusiastic and unstinting volunteers to make and keep the Academy the success it is today. It is strong in its values of cooperation, collegiality and commitment to intellectual exploration and enjoyment because Academicians care and enthusiastically contribute their time and expertise.

It has been my privilege to be part this dynamic organization and I am deeply grateful for this important honour.

Sincerely yours,

Josie Szczasiuk
